Subject: Request Extension of Time of 2-month for Responding to Office Action dated February 25, 2009 by examiner Michael P. Nghiem,

Ref: PCT/CA2005/001537: System and Method of Parallel Loadflow Calculation for Electrical Power System (US application no. 10/594715) filing date 09/29/2006 by applicant & Inventor: Sureshchandra B. Patel

Dear Sir/Madam,

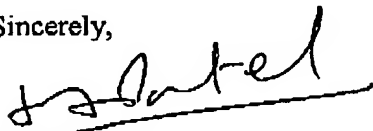

Enclosed please find:

1. Petition for Extension of Time under CFR 1.136(a) (1-page)
2. Credit Card Payment Form (1-page)

I request extra time of 2-months beyond 3-months allowed in Office Action dated February 25, 2009 by examiner Michael P. Nghiem, to better prepare response to some of the objections raised by the examiner. This is because I, the inventor & applicant, am handling my all patent matters by myself without hiring patent attorney due to the lack of funds. Moreover, I am doing survival job that keeps me busy delaying my responses. Therefore, I would like to request extension of 2-months time under 37 CFR 1.136(a). Required fees for small entity, which I claim, is \$ 245.00 according to CFR 37 1.17(a)(3). I claim small entity because I am an individual who is the Inventor and Applicant.

Hope, this will meet the requirement at USPTO.

Sincerely,

Suresh Patel

Sureshchandra B. Patel
